

Senator Carries Middies' Slur at Jew to Harding

Sutherland Writes President Demanding Punishment of Cadets at Naval Academy Who 'Baited' Kaplan in Book

Roosevelt Starts Inquiry

WASHINGTON, June 14.—Senator Sutherland, of West Virginia, in a letter to President Harding today, demanded the punishment of the cadets at the Naval Academy at Annapolis who are responsible for the unfair and unjust treatment of Leonard Kaplan, a member of the graduating class, in the class year book.

Senator Sutherland's letter, which is being sent to the president by special messenger, demands that the cadets at the Naval Academy at Annapolis who are responsible for the unfair and unjust treatment of Leonard Kaplan, a member of the graduating class, in the class year book.

Disciplinary action against J. L. Olmsted, editor of the "Lucky Bag," the year book of the graduating class of the Naval Academy, for the reference in the book to Kaplan as a Jew, is being taken as a result of an investigation ordered today by Acting Secretary of the Navy Roosevelt.

Admiral Henry B. Wilson, superintendent of the Naval Academy, who conferred with Secretary Roosevelt over the incident, today characterized the treatment of Kaplan as a "low-down, miserable trick."

Answering a telegraphic request from Representative Siegel, of New York, for information on the Kaplan case, Secretary Roosevelt today informed the New York representative that he had ordered a full report on the incident and would receive a more detailed reply until the information was before him.

Senator Sutherland does not intend to stand for the view that it is an affair of the students and not of the naval authorities. He said today that in his opinion it was the affair of the authorities.

"I propose it shall be made the affair of the authorities," he said. "I am not informed that Jews were made to stand for the view that it is an affair of the students and not of the naval authorities. He said today that in his opinion it was the affair of the authorities."

"I do not believe that religious or racial prejudice should be permitted to manifest itself in the persecution of any one, be he Jew or Gentile. But in the case of the academy does not appear to be what it should be when a Jewish boy is allowed to be hounded and lampooned, with the authorities claiming they are in no way responsible and leaving their hands off the whole matter. I propose to see that justice is done young Kaplan, and I have too much faith in the President's sense of fair play to believe he will tolerate for one moment the continuation of a condition at Annapolis which permits Jew baiting."

Kaplan Victim of Lowest 'Klanism,' Siegel Declares

Representative Isaac Siegel, of New York, last night summarized the Kaplan affair at Annapolis as "the lowest and cheapest kind of Ku-Klux Klanism." He said the publication of the year book at the Naval Academy should not be permitted to remain in the navy any longer, he said, and added that Admiral Wilson, superintendent of the academy, had informed him that the year book had been censured.

"Leonard Kaplan," Mr. Siegel said, "has the brightest mathematical mind in the Naval Academy. A mathematician has informed me that he came out first in this year's graduating examinations, and not second, as has been alleged. This case is analogous to the Friedman case of 1917. It is one of discrimination against the Jewish race and religion."

Couple Plead Guilty to Holding Son in Cellar Prison

SYRACUSE, June 14.—Herbert P. Verrier and his wife, Mrs. Agnes Verrier, of Eastwood, pleaded guilty in County Court today to holding their son, Kenneth, six, by keeping him prisoner for months in the cellar of the home. The couple were remanded to the county jail for sentence on Friday. The offense is punishable in County Court by one year in the penitentiary or \$500 fine, or both.

Claims of Mme. Muller, One of Bolo Pasha's Wives, Rejected

PARIS, June 14.—The claims of Mme. Muller, one of the wives of Bolo Pasha, who was executed at Vincennes in 1918 for espionage, have been rejected by the court, but she has been authorized to demand an accounting from the heirs of Bolo Pasha.

Slump May Close Every Baltimore Film House

BALTIMORE, June 14.—All of the motion picture theaters in Baltimore will be closed July 1 for two months, perhaps longer, if a movement which is instigated by the Exhibitors' League goes into effect.

The closing down of the theaters here is said to be forced by the heavy losses which they are suffering. J. Louis Rome, vice-president of the league, and general manager of a chain of theaters, declared today that the business had gone completely to smash, and that there was not a theater in the city which was not losing heavily.

Beaten With Shoe, Dunning's Reply to Separation Action

Charges He, and Not Wife, Was Victim of Cruelty; Offers Alleged Letter She Wrote to Man in Case

The application of Mrs. Myrtle C. Dunning, of 101 West Seventy-eighth Street, for alimony and counsel fees in a suit for separation against Henry N. Dunning, of the Hotel Marie Antoinette, was denied yesterday by Justice Marsh in the Supreme Court. Mrs. Dunning charged that her husband, whom she married in 1917 at Greenwich, Conn., treated her cruelly while they lived together in this city, and also in Shanghai, China, where Mr. Dunning was general manager for a New York patent medicine concern.

Mr. Dunning not only denies his wife's charges of cruelty, but asserts that it was he who was the victim of cruelty, for which he makes a counter claim for separation. He alleges that Mrs. Dunning's form of inflicting punishment was to beat him with a shoe, which was "disconcerting as well as painful."

Mr. Dunning also charges that his wife was too friendly with Walter Woodin while en route to San Francisco, where she was to board a steamer. Mrs. Dunning submitted a copy of a letter which, he said, his wife wrote Mr. Woodin. In part, it reads:

"Henry has been lovely to me. He has been just and fair and square with me as far as I could be. And when I think of the awful way I acted it is shameful. I do not love him, but he has done everything in the world to make me happy. I should not have allowed by the fact he even was unable to obtain a home-made, as is customary at Annapolis, and yet I cannot understand how he could have been ostracized as soon as he entered the academy unless it was because of his Jewish parentage and appearance."

"I do not believe that religious or racial prejudice should be permitted to manifest itself in the persecution of any one, be he Jew or Gentile. But in the case of the academy does not appear to be what it should be when a Jewish boy is allowed to be hounded and lampooned, with the authorities claiming they are in no way responsible and leaving their hands off the whole matter. I propose to see that justice is done young Kaplan, and I have too much faith in the President's sense of fair play to believe he will tolerate for one moment the continuation of a condition at Annapolis which permits Jew baiting."

Gigli Gets Italian Crown Order

ROME, June 14.—Beniamino Gigli, tenor of the Metropolitan Opera House, New York, has been decorated by King Victor Emmanuel with the Order of Knight Commander of the Crown of Italy.

The Stage Door

"Raymond Hitchcock's Pin Wheel" opens tonight at the Earl Carroll Theatre. The curtain is scheduled to rise promptly at 8:30.

Four performances remain of Winthrop Ames' production of "The Truth About Haystack" at the Booth Theatre. The curtain is scheduled to rise promptly at 8:30.

William Gilmore is to direct the rehearsal of "The Inimitable," the play with which Florence Gilmore will make her debut as a producing manager.

Ed Wynn will appear in "The Perfect Fool" for one week in Atlantic City early in August. The engagement is scheduled to end on August 20.

Even Burnside Fennimore was added to the cast of "Spies of 1922" yesterday. The revue will open in Atlantic City next Monday night.

Ettinger Asks For 200 More H. S. Teachers

Request Reopens Problem of Seating in Schools; 9,000 More Pupils Are Expected in September

Plan Appeal to City Hall

Buildings Being Erected Can't Meet Demand; Investigating Power to Ryan

The matter of continued inadequate school housing facilities came before the Board of Education yesterday in the effort of Dr. William L. Ettinger, Superintendent of Schools, to obtain the appointment of 200 additional high school teachers for the next school year. The request was preliminary to a demand soon to be made on the Board of Estimate and Apportionment for an appropriation to cover the proposed increase in teacher personnel and for further appropriations which would take care of an expected increase of 9,000 seats that will have to be supplied by next September.

George J. Ryan, president of the Board of Education, agreed to call a special meeting of the board at which the appointment of the additional teachers as well as consideration of the housing needs will be taken up.

In spite of the assurance by Dr. Ettinger that the secretary of the board was in possession of figures and other details attesting to the needs of the schools in this regard, the matters were shelved for the time being out of a desire of Mr. Ryan and others of the board to prepare formal estimates for submission to the Board of Estimate. Unless this course were taken, the president insisted, there was little hope of getting favorable action at City Hall.

High Schools to House 100,000

The prospective enrollment in the high schools for the next year will exceed 100,000. A situation almost identical to that prevailing at the beginning of the present term in January is in prospect. The growth in registration has been too rapid for the city even to take care in the manner of past increases. This, in the opinion of school department executives directly in contact with the problems of housing, necessitates additional schools.

A further extension of the part-time method, they say, would not solve the problem. Completion of schools now under way or for which contracts have been let will still leave 2,000 children without full-time seating next September, according to the department's own figures. In addition, a considerable portion of the existing part-time and double session attendance will be carried into the next year, due to the inability of the city to erect school buildings rapidly enough to keep pace with the growing enrollment.

Establishment of combination junior and senior high schools in Public School 62, Manhattan; Public School 30, the Bronx, and Public School 85, Brooklyn, as an experimental means of relieving the congestion is recommended by the Board of Superintendents. The plan has the endorsement of the Superintendent of Schools who urged its approval before the Board of Education yesterday. After a discussion in which Arthur S. Summers, a member of the board, called attention to several possible evil effects of the plan, this, too, went over for consideration at the special meeting.

Plan "Six-and-Six" Method

The plan, Dr. Ettinger said, is to try out the six-and-six method, which would give six years of elementary schooling and six years of high school training.

Mr. Summers thought the distinction in salaries and the consequent mixing of the high school teachers with the elementary school teachers in these schools would react against the morale of the system by creating jealousies.

Mr. Ettinger pointed out that salary distinctions already exist in the schools. As to the plan eventually excluding elementary school pupils from their own schools in order to provide for the junior high school pupils, he repeated that the plan was an experiment and necessary for the congestion.

As its concluding business yesterday the board adopted by unanimous vote a resolution conferring upon President Ryan sweeping powers with regard to investigations of the various offices and bureaus of the Department of Education. Fire prevention, school construction, speech improvement, matters of finance and matters affecting the administration of the schools generally are all laid open to the president as a committee of one to investigate as he sees fit. Dr. John A. Ferguson, who submitted the resolution, would offer no explanation for its meaning.

Women's City Club Joins Fight on School Council

The Women's City Club joined the crusade against the advisory council on the qualifications of teachers yesterday, sending a letter to Frank P. Graves, State Commissioner of Education, asking him to lead a movement for the abolition of the Lusk act, under which the council was created.

Mrs. Martha L. Draper, a former member of the Board of Education and chairman of the women's committee on education, signed the letter, which read:

"The ill effects of the law are not confined to the teachers, but are reflected in the morale and discipline of the pupils, and the widespread protests which have flared up at the first effort to enforce it surely show that a very serious sense of justice and of democratic principles has been violated by its enactment, and that only a prompt return to the ordinary processes of law for handling such difficulties as exist will suffice to repair the evil."

"Neither the fact that among the thousands of teachers a very small number is directly concerned or that the appointment of an advisory committee may be regarded as an expedient to dispose of the cases more promptly has any real place in the discussion. It is the law itself that is wrong—wrong and unnecessary—and it is against the law that public sentiment, recovered from the hysteria of wartime, so vehemently protests."

Band Concert Pleasing

Ideal weather brought out another good-sized audience for the second concert of the Goldman Band last night on the Columbia Green, with Thomas' "Mignon" overture, Grieg's "Peer Gynt" suite and the Prelude and Chorus of the third act of "Lohengrin" as the principal numbers.

of the program. The performance testified to the distinct advance made by the band over last season, its members gave an impression of having played together for a long time, producing a rich, mellow tone without the brassy harshness often associated with a band. Marches, however, were none the less martial.

Lotta Madden, soprano, sang the aria "Soleido" from Ponchielli's "La Gioconda," and encores in French and English. She showed a voice of pleasing quality and strength necessary to overcome the handicap of space, and was warmly received. Mr. Goldman was warmly received. Mr. Goldman closed the concert with his new "Chimes of Liberty" march, which has been frequently heard during the last three days, and again seemed to please.

A Better Day Than Yesterday

Each day should be a better day than yesterday—better health, better work, better play. Whether it is a better day or not depends largely on what kind of a breakfast you eat. Start the day right by eating

Shredded Wheat With Strawberries

Being made in biscuit form it is so easy to prepare a delicious, wholesome meal with Shredded Wheat and berries or other fruits. The porous shreds of the Biscuit take up the fruit acids, presenting them to the palate in all the richness of their natural flavor. A boon to busy housewives.

When you ask for Shredded Wheat be sure you get the original Shredded Wheat you have always eaten, made at Niagara Falls, N. Y.—always clean, always pure, always the same high quality. Two Biscuits with milk or cream, or with berries or other fruits, make a satisfying meal.
